Additionally, they can find more tips in the Billing and Finance help sheet located at the end of their calendar.

ON CAMPUS
EMPLOYMENT
Student Jobs
+ Oregon State offers a variety of employment opportunities, so students can find a position that best fits their interests. Working on campus offers many benefits, including employers who understand student needs and flex schedules for finals.
+ Students can find jobs for just a few hours per week up to 20 hours per week by visiting jobs.oregonstate.edu.

Career Development Center
+ The Career Development Center helps students plan for their future and develop the skills needed for a successful job or internship search. Students can drop in or make a scheduled appointment with a peer advisor or meet with a professional career advisor for advice specific to their major.
The Career Development Center offers workshops on résumé preparation, cover letters, interviewing and job search strategies. Each year, over 1,000 employers offering both full-time jobs and Internships attend OSU recruiting events.
We encourage students to make use of the Career Development Center’s services well before their final year in college. Students who proactively engage in the career development process often have more successful job searches upon graduation.
+ For more information and access to online tools, visit career.oregonstate.edu.

Work-Study
+ Work study is based on financial eligibility. The federal work-study program allows students to work hourly to earn the total federal work-study amount granted through their award of financial assistance. Students receive a monthly paycheck for hours worked, and employers on campus receive a subsidy that helps create job opportunities.
+ If your student is eligible for work-study, it is listed as part of their financial aid award letter. Learn more at financialaid.oregonstate.edu.
+ While some jobs on campus may be designated as only for work-study-eligible students, many jobs are open to any student regardless of whether they received work study as part of their award package.
